Dynamic Dashboard

Activities & Reports · https://fluentsupport.com/docs/dynamic-dashboard/

Fluent Support has an impressive new **Dynamic Dashboard** for user convenience. With this dynamic feature, customers can effortlessly customize their dashboard by adding or removing information as needed. To get an overview of the **Dynamic Dashboard** of **Fluent Support**, read the article accordingly.

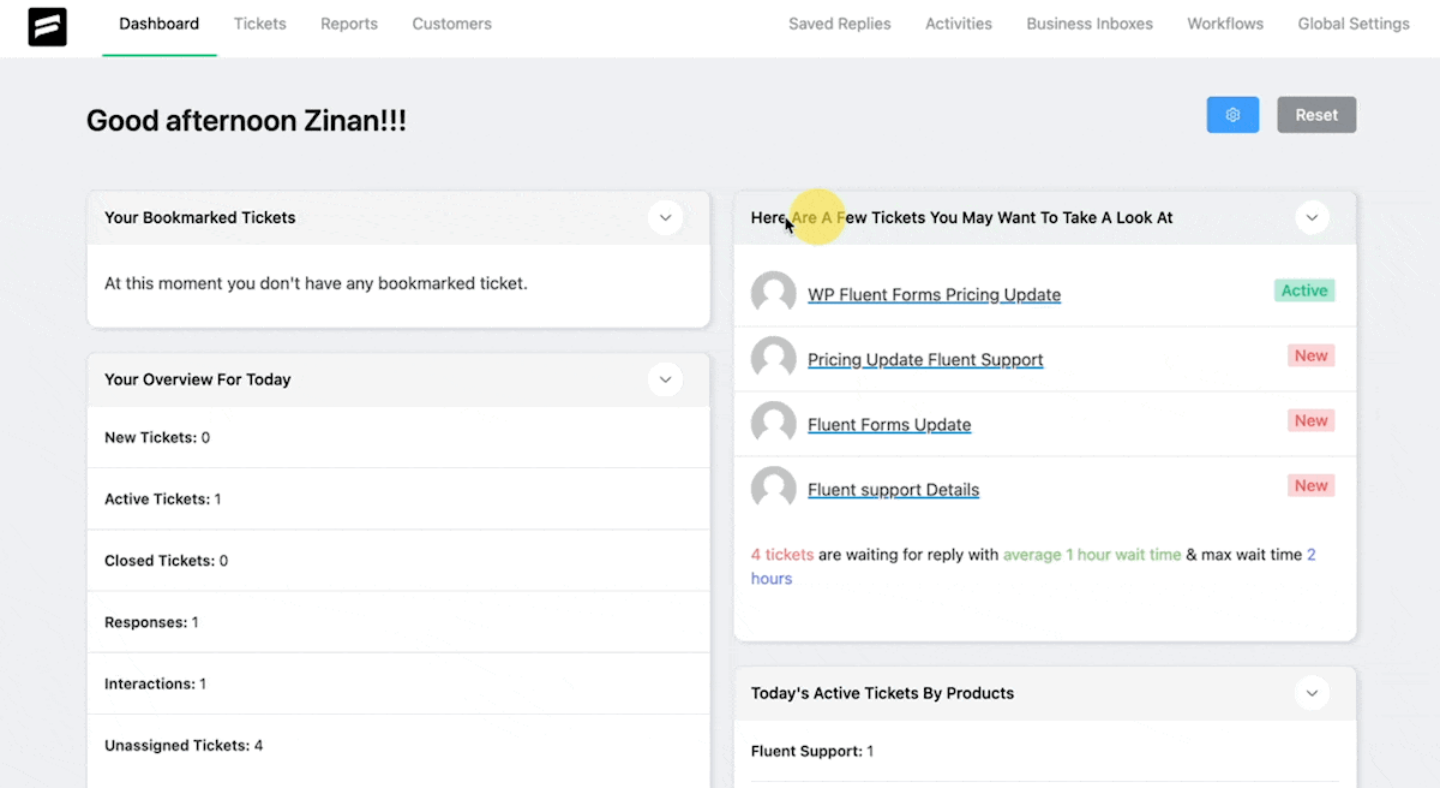

An Overview Of Dynamic Dashboard

Right now, the **Dynamic dashboard** has **three functionalities** and these are:

- **Drag & Drop**
- **Settings**
- **Reset**

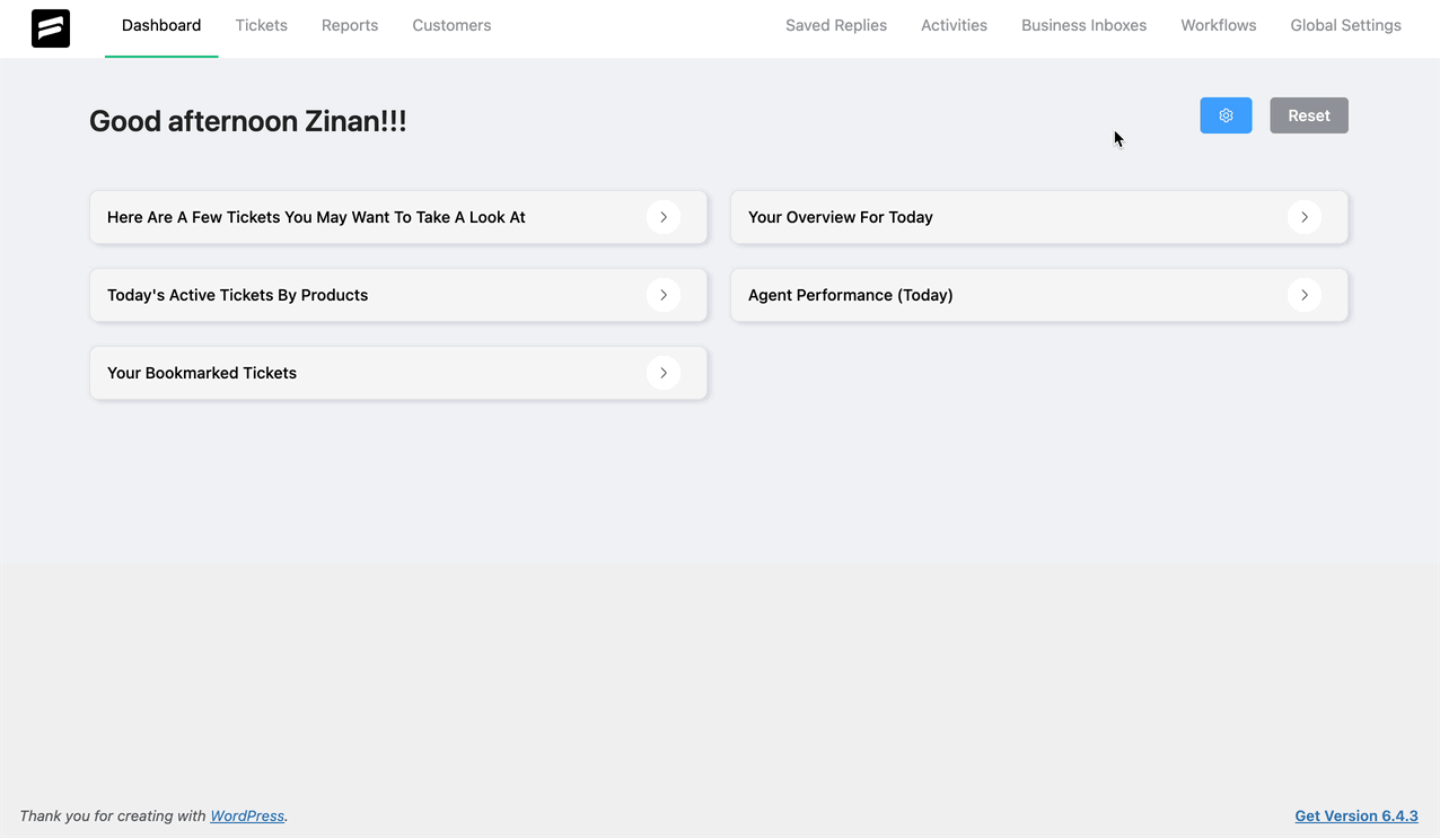

Drag & Drop

With this **Drag & Drop**, all the sections & their categories of the **General Dashboard** can be draggable according to your requirements.

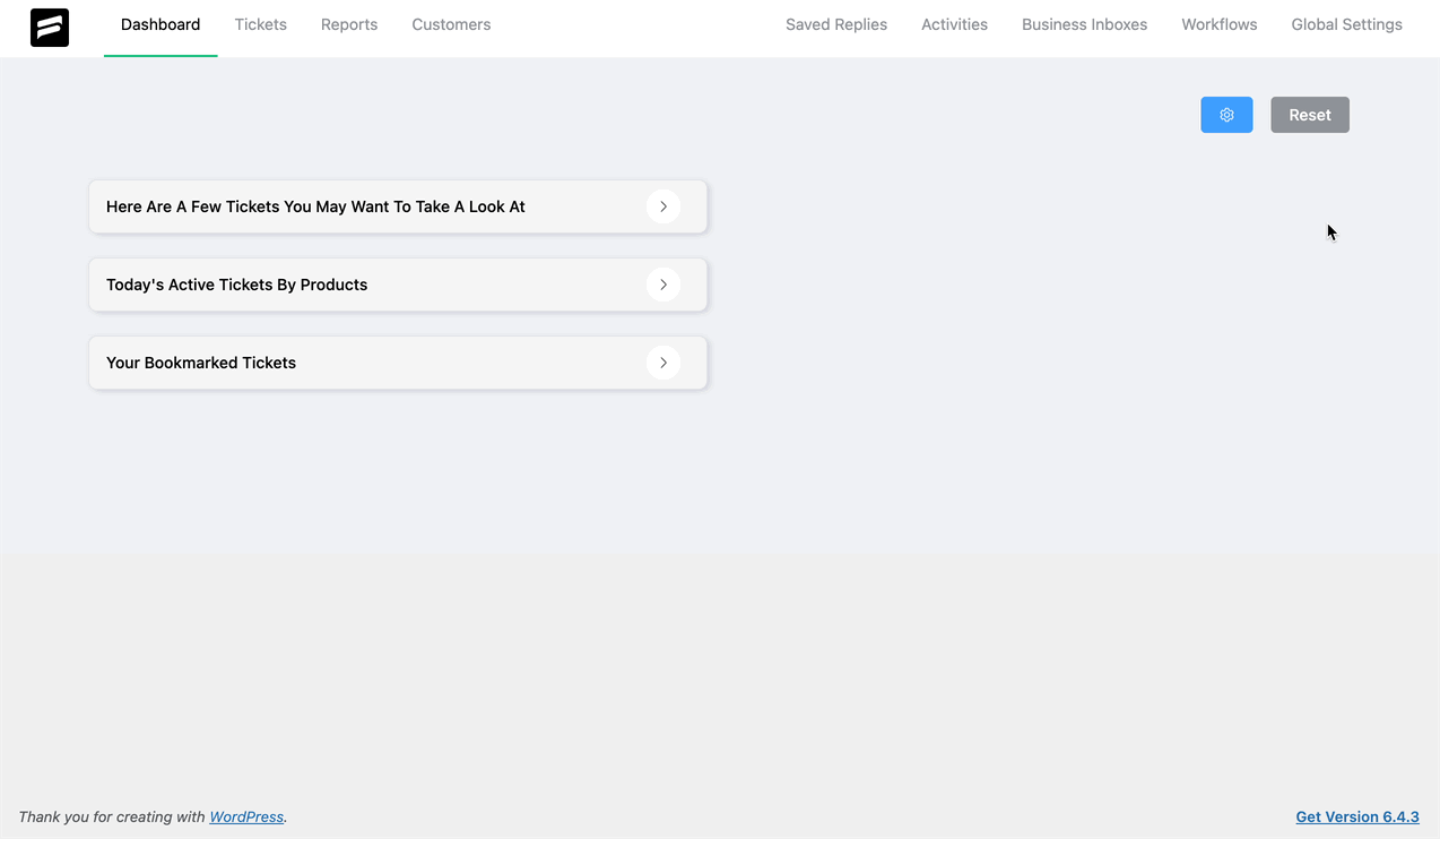

Settings

You'll find the **Settings** icon in the top right corner of your **Fluent Support Dashboard**. This option allows you to customize your dashboard interface. Specifically, you can choose which sections to display and which to hide on your dashboard page.

Reset

You will also find the **Reset** button right next to the **Settings** icon. This allows you to undo all the changes that you have previously made.

This is how simple it is to customize your dashboard dynamically! You can also check out, our **Dashboard Overview**.

If you have any further questions, concerns, or suggestions, please do not hesitate to contact our **@support team**. Thank you.
